

Attention Drivers: → Safer Bridges Ahead! →

MaineDOT is about to repair or replace several important bridges in the Greater Bangor area

- A** Hammond Street Bridge — January 2009-May 2010
- B** Etna Bridge on I-95—February-November 2009
- C** I-95 crossing over I-395 — April-July 2009
- D** Penobscot River Bridge — Summer 2009
- E** Cold Brook Road Bridge—Fall 2009

- Lane shifts around the Hammond Street Bridge will begin the week of January 12th—please be alert to construction and detour signs, orange cones and flaggers.
- If you're driving with GPS, remember your device will not indicate construction activity—please pay close attention to the road.
- Slow down in construction areas—speeding fines are doubled in work zones.

E-mail alerts are the easiest way to stay informed of unusual traffic changes, including full ramp closures and detours. Sign up today for this free service at MaineDOT.gov.

MaineDOT is working to make these bridges safer, and we can do it faster and better with your help.
